CHAS. E. MASON,	

ANNUAL REPORT OF THE SCHOOL BOARD.

Miss Mina Kelley taught one term in District No. 1 and one term in the O. S. Hall district, to the entire satisfaction of the scholars and parents of both districts. Miss Lela M. Pray taught one term in the J. M. R. Emmons school-house and two terms in District No. 1. As a teacher she is faithful and conscientious. Both of these teachers have had but little experience, but we cannot speak too highly of their work.

Miss Ada M. Flanders, who taught in the Ferrin District two terms, is a teacher of experience and ability, and her school was a success.

Miss Mabel M. Dolloff, of Bridgewater, taught in No. 8 one term of seven weeks, and kept a good school to the entire satisfaction of parents and committee. The last week was somewhat interrupted by the sickness of the teacher, but the school was completed by her sister, Miss Maud Dolloff, who also taught the second term of seven and one-half weeks. This, like the first, was a good school.

Two terms of the same length as No. 8 were taught in No. 9 by Miss Delia M. Thomas, of Sanbornton. This teacher deserves the commendation of committee and parents for keeping an excellent school.

The attention of parents and scholars is called to the necessity of care in the use of the text-books. These books are the property of the town and the committee must insist on imposing fines for any damage to books beyond ordinary wear.

Report of the Board of Education

—OF—

UNION SCHOOL DISTRICT NO. 2.

Another school year with its varying conditions of toils, cares, trials, disappointments, hopes, realizations, joys and satisfaction, has passed, and it becomes our duty to place before the public a resume of the work as it has passed through our hands and under our supervision.

The schools of this district have been in session thirty weeks during the year, a length of time fully enough, in our judgment, for the developing material of which they are composed.

The teachers employed are Miss E. A. Nelson, in the High School; Miss Maud Heath, in the Grammar School; Miss Georgia E. Page, in the Intermediate School; Miss Lucy Nelson fall term, and Miss Mary A. Morrill, winter and spring terms, in the Primary School. Miss E. A. Nelson and Miss Page are almost veterans in the service of the district and need no words of special commendation from us, and certainly, in this report, words of disapprobation would be as ill-timed as they certainly would be unmerited. The fact of their long continued service is the highest type of commendation. Miss Heath, Miss Lucy Nelson, and Miss Morrill are new laborers in this field, but they have won our esteem by their fidelity to duty, and by an earnest endeavor to excel in their respective departments. We are happy in commending them.

The number of pupils in attendance, the studies pursued, and the roll of honor appear in subjoined tables prepared from the school registers, and to which special attention is invited.

Many much-needed repairs have been made on the school building. A concrete walk has been constructed from the school building to school street; a supply of water from the Bristol Aqueduct Company has been secured; and a new steam heating apparatus with an assured capacity for the entire building has been provided. We are sorry,

however, to say that the heating apparatus has not met our expectations, and it is quite probable that it will be replaced with a larger and more efficient machine, or be taken away altogether.

The law providing for free text books and supplies has been complied with, and a plan of loan and recall has been adopted whereby the books of the town may be properly accounted for. In the matter of exchange of text-books allowed under the law, we have been conservative. A single change only has been made, Harper's geographies having been replaced with Butler's.

The amount of money expended by the superintendent during the year for books and supplies is set forth in a special report which is herewith submitted. The introduction of free text-books and supplies has necessitated quite a heavy expense to the town, but as these books are to be handed down from class to class for a series of years, the necessary further expenses will be comparatively small—merely enough to cover the ordinary wear and tear of material, and to meet the demands incident to an increase of patronage.

Grateful for the forbearance with which our labors have been received, and hopeful for the future success and prosperity of the schools which we supervise, we turn our backs to the old and our faces to new and, may we hope, better things.

I have examined the above report of the Treasurer of the Board of Education for Union District, No. 2, for the year ending Mar. 1, 1891, and find it correctly cast and properly vouched.

J. M. BISHOP, Auditor.

REPORT OF TRUSTEES

—OF—

Minot-Sleeper Library.

The Trustees of the Minot-Sleeper Library would congratulate the people of Bristol on the continued prosperity of this public institution. The annual income of \$225, received through the liberality of the founders of the library and the town of Bristol, has enabled the trustees to place upon the shelves the past year, an addition of 280 volumes. These books have been selected with great care by the executive committee, and are of such a miscellaneous character as will afford desirable reading for all the patrons of the library.

This library has a very choice collection of reference books, and these seem to be the only class that is not appreciated by the public. These books contain a vast store of information that is accessible by our people and we again remind the public that it is the privilege of any to go inside the rail and take these books from the shelves at pleasure. The table and chairs near by are for the accommodation of those who desire to consult these works.

A supplementary catalogue is now being prepared, embracing in one pamphlet all the books added to the library since the first catalogue was issued, and will be issued at an early day.

During the past year the library has been opened to the public each Saturday afternoon and evening.

Whole number of books on the shelves Feb., 1890,	1,830
Added during the year,	280
Whole number now on the shelves,	2,110
No. of patrons of library, Feb. 1890,	657
“ “ 1891,	786
No. of books issued during the year,	6,418
Average number issued each week,	124
Lost during the year,	None
Amount received from fines,	\$8 11

For the trustees,

R. W. MUSGROVE, Chairman.

J. M. RISHOP, Secretary.

Precinct Report.
